

Excellence from your LawNet firm

Our commitment to you

Why use a solicitor who carries the LawNet Mark of Excellence?

When you look for a law firm, you want the best

If you look for a law firm like ours, one which carries the LawNet Mark of Excellence, you can rest assured that you will find excellent legal expertise backed up by the best in client service.

Since 1989 LawNet has been setting the standard for independent law firms like ours. That's because to be a LawNet firm, you have to achieve and maintain the LawNet ISO9001:2008 quality assurance standard.

This is an internationally recognised quality mark, with regular independent evaluation to drive continuous improvement, so that clients can be confident they will always receive the best possible service, every day and in every way.

So from the moment you make the first call to us, right through to the completion of your case, we will take excellent care of you, every step of the way.

Better service – quality assured law firms; independently audited
A good lawyer must be expert in the law, but to carry the LawNet Mark of Excellence a LawNet firm must deliver excellent legal services combined with excellent client service. The result is peace of mind that your case will be handled expertly, and that you and your interests come first. Fixed fees wherever possible; efficient service; all delivered by people who will be listening to you and tailoring their service to help you achieve your goals. And absolutely no jargon - just regular updates in plain English.

Better resources – local service, national resources
The LawNet network provides member firms with access to the types of resources normally only available in the largest firms, from professional training to legal resources. This means that clients of LawNet member firms benefit from a superior legal service which combines local knowledge and personal detail, backed by a depth and breadth of expertise comparable with the biggest law firms in the country.

Better connected – network of over 2,000 solicitors
As a LawNet member firm we are part of a network of over 2,000 lawyers across the UK, as well as links across Europe through the Eurojuris network. Everyone in the network is committed to sharing expertise, knowledge and best practice - which ensures that you benefit from the experience and resources of not just your solicitor but the entire network.

LawNet does not seek to profit from its members, only to see them grow and be successful in their local market. Visit www.lawnet.co.uk for more information.
